MEMORANDUM FOR: Director of Logistics

SUBJECT: Appreciation for Support to the National
Photographic Interpretation Center

I am attaching a copy of a letter of commendation which I have presented to [redacted] for the truly excellent job he did in organizing and coordinating the many facets of logistics services which we required in our relocation from the Steuart Building to Building 213. We are all most appreciative of his fine effort. In addition, I want to thank you for the very valuable support which so many people in your Office provided us, not only during the move, but also in the many months preceding it while we were still in the planning and procurement stages of the operation. There were so many involved that I could not hope to list them individually, but I am sure you know who the main ones are, and I hope you will offer our thanks to them for a job well done.
